Mr. Andrew Hafferty  
Ecology and Environment, Inc.  
108 South Washington, Suite 202  
Seattle, Washington 98104

Dear Mr. Hafferty,

The 3-man crew provided by Boyles Bros. Drilling Company are all currently in good physical health with no known physical impairments which would prevent them from working under adverse heat conditions at the Pasco Landfill project, including working with protective clothing, including respirators.

All members of the crew will be monitored carefully for any signs of ill health from the heat.

Sincerely,

A handwritten signature in cursive script that reads 'RA Hess'.

R.A. Hess
